THE MONEY MARKET.

The New York Evening Post makes the following remarks on the general state of the money market, and the channels through which the gold products of California find a practical and ready employment:

The case with which the Illinois Central Railroad Company raised another losn of \$3,000,000. at par to51 premium, marks the character of the market. This money, so raised, will be well spent in the west, scattering wealth while it is adding means to its creation. It is stated that the railroad expenditure of last year was \$60,000,000. mostly for labor. This year the expenditure will be greater. The Illinois Central Railroad Company employs 800 men, and its expenditure alone is \$8,000 per day. So that the immediate and direct cause of western wealth, is from the construction of the very means to extend it, by providing new channels for produce. It is this continued increase of railroads which keeps up the demand for money. The wealth of California and borrowed wealth of Europe are fertilising our western States; and the returns will be far greater than those from the wines themselves, without any varying turn from a steady and growing pros-

The increasing abundance of gold has not and will not, for a great length of time, produce any depreciation of its value, which theoretical writers on the subject have prophesied. These writers have altogether overlooked the great increase of productions which is following that of the precious metal, when it is made to permeate through all society. We note, also, a great increase of gold in circulation. All travelers now take gold, whether on a trip to Rockaway, or across the entire States, west or south, and the amount thus circulating instead of bills, as formerly, must be very

The way in which the large receipts of gold from California have been disposed of, is now clearly seen. It has been for the payment of railroad labor, and for increased circulation. There has been a large excess of the receipts of gold over

exports. The large importations have all been taken for consumption. Last week the City councils of Louisville subscribed \$1,000,000 to the stock of the Louisville

CELEBRATED ABABIAN LINIMENT

TRIUMPHANT OVER DISEASE.
THIS celebrated medicine, skillfully composed as it is of the most healing balsams and penetrating oils, can never hit to cure almost every affliction that could be alleviated by an external remedy. Its superiority over all other Limiby an external remedy. Its supernority over all other Little ments is proven by the miraculous cures it performs, and by the great and conclustify increasing damand. There has been sold within the past year more than THREE MIL-HONS OF BOUTLES, and there can be but few persons found who do not bestew upon it the highest praise for the rare virtues it possesses. Nothing, perhaps, since the creation of the world, has been so successful as an external remedy for all norvous diseases, as this wonderful curative. When applied, it instantaneously diffuses itself through the whole system, soothing the irritated neaves, allaying the most intense pains, and creating a most delightful semention. Read the following remarkable cure, which can be attested to by hundreds who were fully acquainted with the whole circum-

CHRONIC ENLARGEMENT OF THE TONSILS. My daughter, when six months oid, was taken with a swelling in the tonsils, which grow harger and larger, till when aix years old she had great difficulty in swallowing her food. Every night watch was kept, fearing she would sufficiate. The best doctors attended her ian could give no relief. I took her to the most connect doctors in the East; they said there was no help for her but to outgrow it. With a said heart I returned home with her, when she became so much worse that the doctors had to be called in again, they decided that the tonsils must be cut off, as the saily means much worse that the doctors had to be called in again, they decided that the tonsils must be cut off, as the only means of giving relief. My wife would not consent to this, and she determined to try your Lindment, which gave relief the very first application, and by a continued tree size entirely recovered. She is now ten years old and fleshy and healthy as could be desired. Your Lindment is also the best in use for sprains, brinses, cuts, buries, headache, etc., and it will remove the most severe paints in a few minutes. It also cured caked uninder in my cow in a few days.
